Greenville College may adjust a student’s award if receipt of the scholarship jeopardizes the student’s eligibility for government or other forms of assistance.

The Church Partnership Scholarship Program provides an incentive for local churches to financially support those from their congregation who desire further career and spiritual preparation at Greenville College. Due to federal and state tax regulations, a parent or immediate relative of a Church Partnership Scholarship recipient may not donate to the church’s matching scholarship fund. The local church should encourage family members to honor this restriction.

The Church Partnership Scholarship Program is available only to students enrolling in the traditional undergraduate program. Students enrolling in any off campus, non-traditional, or graduate programs are not eligible.

THE PURPOSE
Greenville College offers the Church Partnership Scholarship as an opportunity for a local church to encourage and support students from its congregation who seek continued spiritual growth and career preparation by attending Greenville College. In the same way a church supports missions work, the local church can provide financial support to its people as they learn to exemplify Christ to others through their lives and careers. As a partner with families and local churches, Greenville College seeks to help young people become effective throughout our country and world.

THE PROGRAM
When a local church elects to support one of its members attending Greenville College through the Church Partnership Scholarship Program, the college will match up to $1,000 of the church’s scholarship. In cases where financial aid resources meet the student’s financial need, the college will match the first $500 given by the church. Students must reapply for the Church Partnership Scholarship each year.

THE PREREQUISITES
Any person enrolled as a traditional full-time undergraduate student at Greenville College can participate in the Church Partnership Scholarship Program. The student need not qualify for federal or state assistance to receive the Greenville College Church Partnership Scholarship.

THE PROCESS
A student who plans to attend Greenville College should complete the questions on this form and submit the entire form to his or her local church for consideration. The church must then determine its desire and ability to assist the student through the Church Partnership Scholarship Program. When the church approves the request for scholarship support, the appropriate church representative should complete the attached application form and send it to the Greenville College Financial Aid Office prior to March 1 to receive funding for the following academic year. Applications received after March 1 will be awarded depending upon availability of funding. The church must make the check or money order payable to Greenville College with the student’s name noted on the memo line. The church may submit the scholarship funds with this application form or send the payment to the Financial Aid Office by August 15. Scholarship funds received from the church will be applied to the student’s fall semester charges, and the college will apply the matching award against the student’s spring semester charges.

APPLICATION FORM
Church Official: Please complete this section of the form and send it to the Greenville College Financial Aid Office.
