Program Mission Statement:

The MBA educates and prepares students to effectively address issues in the workplace utilizing analytical tools and critical thinking skills while integrating their faith throughout their careers.

Program Objectives: *Qualities and competencies expected in graduates from this program*

At the close of their degree students should be able to:

1. Apply quantitative and qualitative business tools to address organizational challenges.
2. Apply relevant knowledge in new and unfamiliar community and organizational situations.
3. Creatively assess issues in the organization and/or community in order to present solutions clearly and effectively to the public, their colleagues, and the business community.
4. Demonstrate the ability to lead and work collaboratively with others of varying and diverse backgrounds within their organizations and communities while serving others.
5. Demonstrate how the integration of their faith influences their actions in their professions.
6. Apply tools learned to responsibly manage those they supervise in all situations encountered as they occur.
